Career Objective

I am Mohan Raj, a third-year undergraduate at Panimalar Engineering College, passionate about learning and tackling new challenges. I focus on developing strong technical and interpersonal skills through academic projects and real-world experiences, striving to grow and contribute effectively.

Education

Bachelor of Artificial Intelligence and Data science

Panimalar Engineering College, Chennai

2023-2027

Technical Skills

- **Programming Languages:** Java, SQL, Python, R programming
 - **Web Technologies:** HTML, CSS, JavaScript, React
 - **Other Skills:** MS-Office, Data Visualization, Model Deployment, API Integration
 - **Tools:** Visual Studio Code, Power BI, Android Studio, and Eclipse
-

Internships

ServiceNow Internship

- Completed a virtual/industry-oriented internship on the *ServiceNow platform*, gaining hands-on experience in IT Service Management (ITSM) and enterprise workflow automation.
 - Developed a practical understanding of enterprise cloud platforms, business process automation, and real-world IT service workflows.
-

Projects

AI-Powered Chatbot for Student Support

- Developed an AI-powered chatbot to assist students with academic and general queries. Implemented the backend using Ollama to generate AI-driven, context-aware responses through local LLM inference. Built a fast and responsive frontend using Vite + React for real-time user interaction. Integrated frontend and backend using REST APIs for seamless message exchange.
-
